The Right Home Care Team Ltd intends to take this approach with all safeguarding concerns.

## 4. Policy

**4.1** Everybody has the right to live a life that is free from harm and abuse. The Right Home Care Team Ltd recognises that safeguarding adults at risk of abuse or neglect is everybody's business. The Right Home Care Team Ltd aims to ensure that all adults at risk of abuse or neglect are enabled to live and work, be cared for and supported in an environment free from abuse, harassment, violence or aggression.

The safeguarding policies and procedures of The Right Home Care Team Ltd will dovetail with the Derbyshire County Council multi-agency policy and procedures, which we understand take precedence over those of The Right Home Care Team Ltd. The Right Home Care Team Ltd will ensure that the Derbyshire County Council policies and procedures are reflected within its own policy and procedure and that this is shared with all staff and is accessible and available for staff to follow.

**4.2** We aim to provide services that will be appropriate to the adult at risk and not discriminate because of disability, age, gender, sexual orientation, race, religion, culture, or lifestyle. We will make every effort to enable Service Users to express their wishes and make their own decisions to the best of their ability, recognising that such self-determination may well involve risk.

We will work with Service Users and others involved in their care, to ensure they receive the support and protection they may require; that they are listened to and treated with respect (including their property, possessions and personal information) and that they are treated with compassion and dignity.

**4.3** The Right Home Care Team Ltd will follow the six principles as set out in guidance to the Care Act 2014 and this will inform practice with all Service Users:

- | **Empowerment** – People being supported and encouraged to make their own decisions and informed consent
- | **Prevention** – It is better to take action before harm occurs
- | **Proportionality** – The least intrusive response appropriate to the risk presented
- | **Protection** – Support and representation for those in greatest need
- | **Partnership** – Local solutions through services working with their communities. Communities have a part to play in preventing, detecting and reporting neglect and abuse
- | **Accountability** – Accountability and transparency in delivering safeguarding

**4.4** The Right Home Care Team Ltd understands the importance of working collaboratively to ensure that:

- | The needs and interests of adults at risk are always respected and upheld
- | The human rights of adults at risk are respected and upheld
- | A proportionate, timely, professional and ethical response is made to any adult at risk who may be experiencing abuse
- | All decisions and actions are taken in line with the Mental Capacity Act 2005
- | Each adult at risk maintains:
  - | Choice and control
  - | Safety
  - | Health
  - | Quality of life

## 5. Procedure

### 5.1 Responding to Disclosure, Suspicion or Witnessing of Abuse

Where an adult at risk discloses or discusses potential abuse or harm, the staff member must be able to:

- | **Recognise:** Identify that the adult at risk may be describing abuse, even when they may not be explicit
- | **Respond:** Stay calm, listen and show empathy
- | **Reassure** them that it will be taken seriously and explain that there is a duty to report the issues internally and what may happen next
- | **Record:** Write up notes of the conversation clearly and factually as soon as possible
- | **Report** in a timely manner to the appropriate people and organisations

### 5.2 Responding to a Disclosure

**Remember you are not investigating. Do:**

- | Stay calm and try not to show shock
- | Listen very carefully
- | Be sympathetic
- | Be aware of the possibility that medical evidence might be needed

Tell the person that:

- | They did a good/the right thing in telling you
- | You are treating the information seriously
- | It was not their fault

Explain that you must tell your line manager and, with their consent, your manager will contact the Derbyshire County Council Safeguarding Adults Team and/or the Police. TBC must be informed.

The Right Home Care Team Ltd will, in specific circumstances, need to contact the Derbyshire County Council Adult Safeguarding Team without their consent but their wishes will be made clear throughout.

If a referral is made but the adult at risk is reluctant to continue with an investigation, record this and bring this to the attention of the Derbyshire County Council Safeguarding Adults Team. This will enable a discussion on how best to support and protect the adult at risk. However, a professional case discussion will still need to take place and must be recorded appropriately.

### 5.3 Responding to Abuse or Neglect – What to do

The Right Home Care Team Ltd must ensure that staff:

- | Address any immediate safety and protection needs
- | Assess any risks and take steps to ensure that the adult is in no immediate danger
- | Where appropriate, call 999 for the emergency services if there is a medical emergency, other danger to life or risk of imminent injury, or if a crime is in progress. Where a crime is suspected of being committed, leave things as they are wherever possible
- | Call for medical assistance from the GP or other primary healthcare service if there is a concern about the adult's need for medical assistance or advice. Care Workers can call the NHS 111 service for medical help or advice when the situation is not life-threatening or is out of hours
- | The adult may feel frightened, so the Care Worker must ask whether they want the Care Worker to arrange for someone they feel comfortable with to stay with them
- | The Right Home Care Team Ltd will consider if there are other adults or children with care and support needs who are at risk of harm and take appropriate steps to protect them
- | The Care Worker will support and encourage the adult to contact the Police if a crime has been or may have been committed
- | The Care Worker will contact their line manager as soon as possible to inform them of the incident or concern
- | TBC will be informed and contacted on 01246 956265 as soon as possible

### 5.4 Decision-Making Pre-referral to the Derbyshire County Council Adult Safeguarding Team

TBC or the Safeguarding Lead will usually lead on decision-making. Where such support is unavailable, consultation with another more senior member of staff will take place.

**The Right Home Care Team Ltd**

Station Business Centre, 2 Station Road, Clowne, Chesterfield, S43 4RW

In the event that these are unavailable, advice must be taken from Derbyshire County Council. Staff must also take action without the immediate authority of a line manager:

- | If discussion with the manager would involve delay in an apparently high-risk situation
- | If the person has raised concerns with their manager and they have not taken appropriate action (whistleblowing)

The Right Home Care Team Ltd will ensure that staff are aware of the Derbyshire County Council reporting procedures and timescales for raising adult safeguarding concerns.

**5.5 Referral to the Derbyshire County Council Adult Safeguarding Team**

The Right Home Care Team Ltd must ensure that the Derbyshire County Council Safeguarding Adult referral process is followed and must collect the following information to assist with the referral. The referral process must be clearly visible with contact numbers, including out-of-hours, where staff can access the information.

The referral information will also be required for some of the CQC notification of abuse documentation. The Right Home Care Team Ltd must use any up-to-date Care Plan information where possible and have the following information available where possible:

- | Demographic and contact details for the adult at risk, the person who raised the concern and for any other relevant individual, specifically Care Workers and next of kin
- | Basic facts, focussing on whether or not the person has care and support needs including communication and ongoing health needs
- | Factual details of what the concern is about; what, when, who, where?
- | Immediate risks and action taken to address risk
- | Preferred method of communication
- | If reported as a crime, details of which police station/officer, crime reference number, etc.
- | Whether the adult at risk has any cognitive impairment which may impede their ability to protect themselves
- | Any information on the person alleged to have caused harm
- | Wishes and views of the adult at risk, in particular consent
- | Advocacy involvement (includes family/friends)
- | Information from other relevant organisations, for example, the CQC
- | Any recent history (if known) about previous concerns of a similar nature or concerns raised about the same person, or someone within the same household
- | Names of any staff involved

**5.6 Documenting a Disclosure**

The Right Home Care Team Ltd must ensure that staff:

- | Make a note of what the person actually said, using his or her own words and phrases
- | Describe the circumstance in which the disclosure came about
- | Note the setting and anyone else who was there at the time
- | When there are cuts, bruises or other marks on the skin, use a body map to indicate their location, noting the colour of any bruising
- | Make sure the information the Care Worker writes is factual
- | Use a pen with black ink so that the report can be photocopied
- | Try to keep your writing clear
- | Sign and date the report, noting the time and location
- | Be aware that the report may be needed later as part of a legal action or disciplinary procedure

**5.7 Informing the Relevant Inspectorate**

- | By law, The Right Home Care Team Ltd must notify the Care Quality Commission without delay of incidents of abuse and allegations of abuse, as well as any incident which is reported to, or investigated by, the Police
- | The Right Home Care Team Ltd must notify the CQC about abuse or alleged abuse involving a person

(s) using the service, whether the person(s) is/are the victim(s), the abuser(s), or both

- | The Right Home Care Team Ltd must also alert the relevant local safeguarding authority when notification is made to the CQC about abuse or alleged abuse
- | The forms are available on the CQC website
- | If a concern is received via the whistleblowing procedure, The Right Home Care Team Ltd must inform the Derbyshire County Council Safeguarding Team and the CQC

### 5.8 Strategy Meeting / Case Conference

- | Following the investigation or at any time during the process, a case conference with all relevant agencies may be called to make decisions about future action to address the needs of the individual
- | Any agency involved in the case may ask for a case conference to be held but the final decision to hold a conference is with the Derbyshire County Council Safeguarding Adults Team Manager
- | The Right Home Care Team Ltd must ensure that it attends this meeting when invited and that all relevant information about the incident is available. A timeline of events is a useful document to prepare in complex cases

### 5.9 Involve the Service User Concerned Throughout the Process

- | The process of the enquiry must be explained to the Service User in a way they will understand and their consent to proceed with the enquiry obtained, if possible
- | Arrangements will be made to have a relative, friend or independent advocate present if the Service User so desires. The relative, friend or independent advocate must not be a person suspected of being in any way involved or implicated in the abuse
- | A review of the Service User's Care Plan must be undertaken to ensure individualised support following the incident
- | The Service User will be supported by the service to take part in the safeguarding process to the extent to which they wish, or are able to, having regard for their decisions and opinions. They must be kept informed of progress

### 5.10 Desired Outcomes Identified by the Adult

The desired outcome by the adult at risk must be clarified and confirmed at the end of the conversation(s), to:

- | Ensure that the outcome is achievable
- | Manage any expectations that the adult at risk may have
- | Give focus to the enquiry
- | Staff will support adults at risk to think in terms of realistic outcomes but must not restrict or unduly influence the outcome that the adult would like. Outcomes must make a difference to risk and, at the same time, satisfy the person's desire for justice and enhance their wellbeing
- | The adult's views, wishes and desired outcomes may change throughout the course of the enquiry process
- | There must be an ongoing dialogue and conversation with the adult to ensure that their views and wishes are gained as the process continues and enquiries re-planned if the adult change their views
- | The Service User will be informed of the outcome of any investigation, but guidance will be sought from the Derbyshire County Council Adult Safeguarding Team before any outcome is shared

### 5.11 Disclosure and Barring Service (DBS) Referral

There is a statutory requirement for providers of Care to refer workers to the DBS for inclusion on the DBS Vetting and Barring scheme list if they consider that the person is guilty of misconduct such that a vulnerable adult was harmed or placed at risk of harm. This requirement covers both existing employees and those who leave their employment, and whose conduct comes to light at a later date. Please see the DBS/Disclosure Policy and Procedure for further procedures regarding initial employment and referral.

### 5.12 Consent

When reporting information that directly concerns the safety of an adult at risk of harm, consent from the Service User is not required. However, informing the Service User of your concerns and your referral is good practice unless it would put you or your colleagues at risk or it would put the adult at further risk. When reporting to a local authority allegations or concerns about an adult at risk of harm, the Local

Authority must be informed whether the Service User is aware of the report. In reporting all suspected or confirmed cases of harm, an employee has a responsibility to act in the best interest of the Service User but still operate within the relevant legislation and the parameters of the codes and standards of their practice.

**5.13 Confidentiality and Information Sharing**

In seeking to share information for the purposes of protecting adults at risk, The Right Home Care Team Ltd is committed to the following principles:

- | Personal information will be shared in a manner that is compliant with the statutory responsibilities of The Right Home Care Team Ltd
- | Adults at risk will be fully informed about information that is recorded about them and as a general rule, be asked for their permission before information about them is shared with colleagues or another agency. However, there may be justifications to override this principle if the adult or others are at risk
- | Staff will receive appropriate training on Service User confidentiality and secure data sharing
- | The principles of confidentiality designed to protect the management interests of The Right Home Care Team Ltd must never be allowed to conflict with those designed to promote the interests of the adult at risk
- | Staff will follow the policy on Data Protection and Confidentiality and comply with the Caldicott principles

**5.14 Pressure Ulcers**

Pressure ulcers are costly in terms of both Service User suffering and the use of resources. If the pressure ulcer is believed to have been caused by neglect, it must be reported as an adult safeguarding concern whether the pressure ulcer was acquired in a hospital, care setting or the Service User's own home. The Right Home Care Team Ltd must ensure that staff read and follow [Safeguarding Adults Protocol Pressure Ulcers and the interface with a Safeguarding Enquiry](#), seeking advice and further guidance where required.

Where Service Users are new to the service, any pressure ulcers must be documented on a body map and reported in line with safeguarding procedures. Treatment must also be sought from the GP.

**5.15 Medication Errors**

The Right Home Care Team Ltd must follow local safeguarding reporting procedures for medication errors and ensure that notifications are made to the CQC in line with statutory requirements. The Right Home Care Team Ltd will have an open and transparent approach to medication incidents and ensure that staff follow the Medication Errors and Near Misses Policy and Procedure at The Right Home Care Team Ltd and understand their Duty of Candour responsibilities.

**5.16 Abuse of Trust**

- | A relationship of trust is one in which one person is in a position of power or influence over the other person because of their work or the nature of their activity
- | Where the person who is alleged to have caused the abuse or neglect has a relationship of trust with the adult at risk because they are; a member of staff, a paid employee, a paid carer, a volunteer or a manager, The Right Home Care Team Ltd must invoke disciplinary procedures for employed staff as well as taking action in line with this policy
- | The Right Home Care Team Ltd must ensure that a referral is made to the Disclosure and Barring Service if an employee is found to have caused harm to an individual
- | If the person who is alleged to have caused the harm is a member of a recognised professional group, The Right Home Care Team Ltd must act under the relevant code of conduct for the profession as well as taking action under this policy
- | Where the person alleged to have caused the harm or neglect is a volunteer or a member of a community group, The Right Home Care Team Ltd must work with adult social services to support any action under this policy
- | Where the person alleged to have caused the harm is a neighbour, a member of the public, a stranger or a person who deliberately targets vulnerable people, in many cases the policy and procedures will be used to ensure that the adult at risk receives the services and support that they may need
- | In all cases, issues of consent, confidentiality and information sharing must be considered

**5.17 Allegations Against People who are Relatives or Friends**

There is a clear difference between unintentional harm caused inadvertently by a relative or friend and a

deliberate act of either harm or omission, in which case the same principles and responsibilities for reporting to the police apply. In cases where unintentional harm has occurred, this may be due to lack of knowledge or due to the fact that the relative's own physical or mental needs make them unable to care adequately for the adult at risk. The relative may also be an adult at risk. In this situation, the aim is to protect the adult from harm, work to support the relative to provide support and to help make changes in their behaviour in order to decrease the risk of further harm to the person they are caring for. A carer's assessment will take into account a number of factors and a referral to Derbyshire County Council will be made as part of the safeguarding process.

#### **5.18 Whistleblowing**

Whistleblowing is an important aspect of the support and protection of adults at risk of harm where staff are encouraged to share genuine concerns about a colleague's behaviour. Their behaviour may not be related to an adult at risk, but they may not be following the code of conduct or could be pushing boundaries beyond normal limits or displaying conduct which is a breach of the law, conduct which compromises health and safety or conduct which falls below established standards of practice with adults at risk.

The Right Home Care Team Ltd has clear whistleblowing policies and procedures in place which staff are frequently reminded about and with which they must be familiar. They must also understand how to escalate and report concerns.

#### **5.19 Abuse by Another Adult at Risk**

We recognise that we may also have responsibilities towards the person causing the harm, and certainly will have if they are both in a care setting or have contact because they attend the same place (for example, a day centre). The person causing the harm may themselves be eligible to receive an assessment. In this situation, it is important that the needs of the adult at risk who is the alleged victim are addressed separately from the needs of the person causing the harm. It will be necessary to reassess the adult allegedly causing the harm.

#### **5.20 Exploitation by Radicalisers who Promote Violence**

Individuals may be susceptible to exploitation into violent extremism by radicalisers. Staff will be expected to follow the Protecting Vulnerable People from Radicalisation Policy and Procedure in place at The Right Home Care Team Ltd.

#### **5.21 Self-Neglect and Refusal of Care**

The Right Home Care Team Ltd must ensure that staff understand the importance of delivering care as detailed in the Care Plan. Where a Service User refuses care, this must always be documented. Where refusal occurs repeatedly, it must be escalated by The Right Home Care Team Ltd as a safeguarding concern and a request for a review of the Service User's care will be instigated.

#### **5.22 Abuse and Sexual Safety**

We recognise that culture, environment and processes support a Service User's sexuality and keep them and staff safe from sexual harm. As such, The Right Home Care Team Ltd will ensure that sexuality is discussed as part of the Care Planning process and is addressed positively to support people to raise concerns where necessary.

The recent [CQC publication](#) on sexuality and sexual safety can be referred to for further guidance in this area.

#### **5.23 Self-Funding Service Users**

People who fund their own care arrangements are legally entitled to receive support if subject to abuse or neglect in exactly the same way as those supported or funded by the Local Authority. They are also entitled to the protections of the Deprivation of Liberty Safeguards process.

#### **5.24 Risk Assessment and Management**

Achieving a balance between the right of the individual to control their care package and ensuring that adequate protections are in place to safeguard wellbeing is a very challenging task. The assessment of the risk of abuse, neglect and exploitation of Service Users will be integral in all assessment and planning processes. Assessment of risk is dynamic and ongoing, especially during the adult safeguarding process, and must be reviewed throughout so that adjustments can be made in response to changes in the levels and nature of risk.

#### **5.25 Audit and Compliance**

It is essential that the implementation of this policy and associated procedures is audited to ensure that The Right Home Care Team Ltd is doing all it can to safeguard those people receiving its services. The audit of this policy will be completed through a systematic audit of:

- 1 Recruitment procedures and Disclosure and Barring Checks
- 1 Audit of incident reporting, frequency and severity

**The Right Home Care Team Ltd**

Station Business Centre, 2 Station Road, Clowne, Chesterfield, S43 4RW

- | Audit of training processes, including reviews of uptake of training and evaluations

Safeguarding concerns and incidents will be reviewed by the Senior Management Team as part of a root cause analysis with the following terms of reference:

- | Review incident themes
- | Reports from the lead responsible for Safeguarding within The Right Home Care Team Ltd
- | Look in detail at specific cases to determine learning or organisational learning
- | Ensure implementation of the Safeguarding Policy and Procedure

**5.26 Training and Competencies**

The Right Home Care Team Ltd will ensure that staff receive training in recognising and responding to incidents, allegations or concerns of abuse or harm as part of their induction programme. The Right Home Care Team Ltd will benchmark its training and competencies within the service with the framework outlined in [Adult Safeguarding: Roles and Competencies for Healthcare Staff](#) which it recognises applies to social care staff also and does not replace any local or contractual requirements but acts as a minimum benchmark.

**6.15 Safeguarding**

- | Safeguarding means protecting an adult's right to live in safety, without suffering abuse and or neglect

### 6.18 Caldicott Principles

- | The Caldicott Principles were developed in 1997 following a review of how patient information is protected and only used when it is appropriate to do so

## Cuckooing and County Lines Fact Sheet

### What are County Lines?

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs into one or more importing areas within the UK, using dedicated mobile phone lines or other form of “deal line”. They are likely to exploit children and vulnerable adults to move and store the drugs and money and they will often use coercion, intimidation, violence (including sexual violence) and weapons. County lines activity and the associated violence, drug dealing and exploitation has a devastating impact on young people, vulnerable adults and local communities.

Gangs typically use children and adults at risk of harm to transport and/or deal drugs to customers. These victims are recruited using intimidation, deception, violence, debt bondage or grooming. During this process, the ‘victims’ are likely to commit criminal offences.

### Who does it affect?

The term 'vulnerable adults' is used here in the context of 'vulnerable to harm or abuse'. They do not need to be receiving social care or support to be vulnerable. Some vulnerabilities are outlined in this fact sheet.

County lines exploitation:

- Can affect any child or young person (male or female) under the age of 18 years
- Can affect any vulnerable adult over the age of 18 years
- Can still be exploitation even if the activity appears consensual
- Can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence
- Can be perpetrated by individuals or groups, males or females, and young people or adults and
- Is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

One of the key factors found in most cases of county lines exploitation is the presence of some form of exchange (e.g. carrying drugs in return for something). Where it is the victim who is offered, promised or given something they need or want, the exchange can include both tangible (such as money, drugs or clothes) and intangible rewards (such as status, protection or perceived friendship or affection).

Some of the factors that heighten a person’s vulnerability include:

- Having prior experience of neglect, physical and/or sexual abuse
- Lack of a safe/stable home environment, now or in the past (domestic violence or parental substance misuse, mental health issues or criminality, for example)
- Social isolation or social difficulties
- Economic vulnerability
- Homelessness or insecure accommodation status
- Connections with other people involved in gangs
- Having a physical or learning disability
- Having mental health or substance misuse issues
- Being in care (particularly those in residential care and those with interrupted care histories)
- Being excluded from mainstream education, in particular attending a Pupil Referral Unit.

### What happens?

- Once in debt to a dealer, they will be encouraged to sell drugs to pay the debt off
- The gang will ensure the debt is never fully paid off and the victim can quickly become trapped in a cycle where their only option is to commit further crime
- The more crime they commit, the less likely they are to tell someone what is happening or seek help

The Right Home Care Team Ltd  
Station Business Centre, 2 Station Road, Clowne, Chesterfield, S43 4RW

- They will be dispatched to travel to other parts of the country where they are not known to police or social services and can essentially fly under the radar
- During this time away from home they are highly at risk of coming to further harm at the hands of people they are dealing to or rival local drug dealers
- Older people may become exploited to also traffic drugs, weapons and cash but additionally their homes might get taken over by gangs needing somewhere to hide drugs or deal from
- Adults with mental or physical disabilities, adults with addictions or adults who are particularly elderly may experience '**cuckooing**' where a gang takes over their home
- Other victims include the relatives of the exploited person who 'lose' their loved one to a criminal gang, and the communities where the drug dealing and associated violence is exported to

### What are the signs in adults?

In adults, signs of 'cuckooing' can include:

- A loved one or neighbour not being seen for some time
- Unknown visitors and vehicles to their house at unusual times
- Exchanges of cash or packages outside their home
- Open drug use in the street; damage and deterioration to the appearance of their home
- A change in their own personality or behaviour and appearing nervous, worried or intimidated

### What should you do?

If you are worried that a person is at immediate risk of harm you should also contact the police, your local safeguarding team or, in the case of a child, your local safeguarding partner (the group of Local Authority, CCG and Police. Refer to 'Working Together to Safeguard Children 2018' for more information)

Safeguarding is described as 'protecting an adult's right to live in safety, free from abuse and neglect.' Adult Safeguarding is about preventing and responding to concerns of abuse, harm or neglect of adults. Individuals who are vulnerable may be unable to take care of themselves or protect themselves against significant harm or exploitation. This means that they may be at risk of abuse or neglect due to the actions (or lack of action) of another person. In these cases, it is vital that The Right Home Care Team Ltd works together to identify people at risk and put steps in place to help prevent abuse or neglect.

Safeguarding Adults is a priority for The Right Home Care Team Ltd. The activities carried out by The Right Home Care Team Ltd mean that there are a range of staff and people working on our behalf who may come into contact with people who are at risk of harm.

### **What Action Must you Take if you have Concerns?**

# Safeguarding – A Guide for Care Staff

## What is Adult Abuse?

**Abuse** is mistreatment by any other person or persons that violates a person's human and civil rights. The abuse can vary from treating someone with disrespect in a way which significantly affects the person's quality of life, to causing actual physical suffering.

**Abuse can happen anywhere** – at home, in a residential or nursing home, a hospital, in the workplace, at a day centre or educational establishment, in supported housing, in the street, on line.

## What Does Safeguarding Mean?

**Safeguarding** means protecting an adult's right to live in safety, free from abuse and neglect. It is about people and organisations working together to prevent and stop both the risks and experience of abuse or neglect, while at the same time making sure that the adult's wellbeing is promoted including, where appropriate, having regard to their views, wishes, feelings and beliefs in deciding on any action.

## What Should you do if you are Concerned that Someone is Being Abused or is at Risk of Abuse?

- **Act** - don't assume that someone else is doing something about the situation

### Doing nothing is not an option!

- If anyone is injured get a doctor or ambulance
- If you think a criminal offence has been committed call the **Police** on **999**
- Speak to your manager as soon as possible. If you think no action has been taken, escalate to a more senior manager. If you are still concerned follow your **Whistleblowing Policy**. You should always follow your local safeguarding procedures. Ask your manager if you aren't sure what they are
- Make a note of your concerns, what happened and any action you take so that you can tell your manager. Think about **Who?** (Is involved) **What** (Has happened) **Where** (Where did it take Place). Be careful what you write in the visit log as this may be seen by others

## What are the Types of Abuse?

**The Care Act 2014** defines the different types of abuse. It is not intended to be an exhaustive list but a guide to the sort of behaviour which could trigger a safeguarding concern:
